Master of Engineering [2027] - Birla Institute of Technology and Science, Pilani - Goa Campus

Course: Chemical Engineering

Bachelor of Technology [2025] - Adhiyamaan College of Engineering (Autonomous), Hosur, Tamil Nadu.

Course: Chemical Engineering CGPA: 8.51

INTERESTS:

Heat Transfer | Thermodynamics | Reaction Engineering | Fluid Mechanics

INTERNSHIP

Industrial Internship - Exide Industries Ltd, Hosur, TN.

- Process Study of VRLA Battery Manufacturing

PROJECT

Green Synthesis of Iron Oxide Nanoparticles from Banana Leaf: Characterization and Application

- This project focused on the Iron oxide nanoparticles were eco-friendly synthesized using banana leaf extract and characterized via FTIR, SEM, and P-XRD. They showed strong antimicrobial activity and were integrated into CMC, PVP, and PEG-400-based transdermal patches, which exhibited favorable physical properties and sustained drug release, highlighting a green approach to biomedical applications.

CERTIFICATIONS

- Completed an NPTEL course, "Basic Principles and Calculations in Chemical Engineering".
- Completed MATLAB Onramp, Machine Learning Onramp and Deep Learning Onramp from MATHWORKS.
- Participated in International Workshop on Advanced Functional Nanomaterials (IWAN, 2023) at Anna University, Chennai.
- Participated in CHEMSPARX'23 and won second prize in poster presentation at Adhiyamaan College of Engineering, Hosur.

TECHNICAL SKILLS:

Aspen Plus | Unisim | MATLAB | MS Office

PROFESSIONAL SKILLS:

Technical Documentation | Work Management | Swift Learner | Team Coordination | Analytical Thinker

ACTIVITIES:

- President - IEI Student' Chapter, Hosur.
